

Dear Departing Residents,

As your move-out date approaches, Westside Village would like to take this opportunity to thank you for renting from us over the past year. In addition, we are providing you with this move-out guide/checklist for move-out procedures. Please read this entire packet carefully as we have provided you with very detailed and helpful information. (This is how you get your security deposit money back!)

Westside Village prefers to return your entire security deposit, so please use this information to your advantage to get your full security deposit back. Encountering apartments that have damages, have not been cleaned or properly cleaned, or have belongings left behind will result in charges against your security deposit. Charges can also exceed the security deposit amount resulting in additional money that will be owed to Westside Village. However, by following these move-out guide instructions/procedures you can leave your unit in the best possible condition. Leaving your apartment as outlined per the instructions in this move-out guide, will save all parties involved time and money. In this packet you will be receiving the following:

1. Damaged item cost sheet- In the event that anything was damaged in your apartment this past year, this list provides an estimated cost to replace the item. Please note this does not include sales tax, it is only an estimation.
2. Return security deposit address form- As per your lease agreement you are required to submit to us a forwarding address so that we can return your security deposit check in a timely manner. This is also used to get separate checks rather than group check. This form has nothing to do with the post office or forwarding your mail after move out. Please read this very carefully.
3. Cleaning cost/cleaning guide- In the event that your apartment has not been cleaned and/or was not cleaned properly at move out, a professional cleaning company will be contracted to clean your apartment, upon which you will be charged accordingly. This is an estimated cost sheet of how much you can expect to be charged for cleaning.
4. Rules and regulation reminders- This is an excerpt of some of the rules and regulations that are in your lease agreement.
5. Painting Instructions- In the event that there are holes in the walls that need to be fixed, walls that need to be painted because of excess markings, ect., enclosed you will find instructions on how to properly paint your apartment.

The lease end date is **August 10, 2013 at 12:00 noon**. At that time all keys, professional carpet cleaning receipt, and security deposit return forms must be turned into the office.

Once again, thank you for choosing Westside Village. It was a pleasure having you as residents and we wish you the best of luck in the future. If you have any questions or concerns, please contact us at 814-234-1707 or info@rentwestsidevillage.com

Sincerely,
Westside Village

Move-Out/Cleaning Packet

Remember we would love to return your security deposit so please use this move-out guide to your advantage. (This is how you get your security deposit money back!) We know you would all sincerely like to leave your apartment in the best possible condition in order to receive your full security deposit refund. Often times a deduction is merely due to communication problem between the Landlord and Tenant regarding what in fact is expected of the Tenant when moving out. This booklet is to serve as a guideline for our move-out procedure.

When in doubt, please do not hesitate to call the office at 814-234-1707 Monday—Friday 9:00-5:00, but keep in mind these basic rules:

1. Make sure your account balance is **ZERO**. Please remember that you have entered into a joint and several lease, meaning all persons on the lease are viewed as a group and not individuals. If there is a balance on your rental account it will be taken out of security deposit, no exceptions. Often the result of not having a zero balance on your account can lead to additional money owed to Westside Village. **Remember you cannot use your security deposit as your last months rent.** If you do not pay your last months rent, you will be charged late fees in addition to a 20% administrative fee. Late fees can add up to an additional \$150 or more owed on your account. Your last rental payment is due July 1st. Please remember you can always check your account balance by logging onto your online rental account. If you need the information to access your account, please contact the office.
2. Return all keys to the office no later than August 10, 2013 at 12 noon. A Receipt of Keys form must be completed and turned in along with all keys. A Receipt of Keys will be given to you at the time you turn your keys into to the office. If you are returning your keys after hours a Receipt of Keys form can be found in the move out box outside the office. Be sure you fill out a copy for yourself as well as one to turn into the office. Envelopes can be found in the box for you to place your keys, Receipt of keys form and Security deposit return form, you can then slip the envelope through the drop slot located on the office door.
3. Turn in your security deposit return form. As per your lease agreement, you are required to submit to us a forwarding address so that we can get your security deposit refund to you in a timely manner. Please remember that you are in a joint and several lease; only one check will be sent made payable to all residents on the lease. If you prefer separate checks, we can do so at an additional fee of \$10.00/per check for each check written. If you would like to receive separate checks, everyone must agree to this by checking the option that says states you wish to receive separate checks. All tenants must complete and submit a Security Deposit return form. All tenants must agree to the same option; one group check or multiple checks. If each tenant does not submit a form, you will receive one check. This check will be issued to all names on the lease, meaning it cannot be cashed has signed the check. (Please note, if you are requesting separate checks we must be provided with addresses and signatures of all residents named on your lease. Additionally, if separate checks are requested, the amount of the return will be divided equally among all residents).
4. Review the item cost sheet- This sheet outlines the costs that could be deducted from your Security Deposit if applicable. This sheet is intended to inform you of an estimated dollar amount that may be deducted from your deposit for damages, cleaning and/or repairs. Please remember you are free to make any repairs yourself as long as you follow proper procedures. For example, blinds and light bulbs are easy to replace and will save deductions from your security deposit.

5. Painting Cost Sheet- This sheet provides instructions on how to paint your apartment if necessary. If you have holes in your walls, extensive black markings, ect you will be charged for painting. Please keep this in mind when preparing for move out.

Suggested Cleaning Supply Check List

The following is a convenient checklist of supplies needed to clean your apartment properly:

- | | | |
|--|---|---|
| <input type="checkbox"/> Oven Cleaner | <input type="checkbox"/> All purpose Cleaner | <input type="checkbox"/> Floor Cleaner |
| <input type="checkbox"/> Sponges | <input type="checkbox"/> Commode Brush | <input type="checkbox"/> Rags/old socks to clean blinds |
| <input type="checkbox"/> Brillo Pads | <input type="checkbox"/> Garbage Bags | <input type="checkbox"/> Scrubbing Bubbles |
| <input type="checkbox"/> Abrasive Cleanser | <input type="checkbox"/> Soap Scum Cleaner | <input type="checkbox"/> Vacuum with attachments |
| <input type="checkbox"/> Paper Towels | <input type="checkbox"/> Mold & Mildew Cleaner | <input type="checkbox"/> Feather Duster |
| <input type="checkbox"/> Furniture Polish | <input type="checkbox"/> Toilet Bowl Cleaner | |
| <input type="checkbox"/> Dusting Cloth | <input type="checkbox"/> Bleach Cleaner | |
| <input type="checkbox"/> Broom | <input type="checkbox"/> Mr. Clean Magic Eraser | |
| <input type="checkbox"/> Dust Pan | <input type="checkbox"/> Window/glass cleaner | |
| <input type="checkbox"/> Mop | <input type="checkbox"/> Lime Away or CLR | |

LETS START WITH THE KITCHEN!

1. **Light Fixtures-** If the kitchen has overhead light fixtures, these will need to be cleaned. If the kitchen has florescent overhead lighting, please make sure all bulbs are operable. If you have any burnt out bulbs it is your responsibility to replace these. Most light fixtures have clips which allow the light fixture to hang from the ceiling. These can be wiped off with all purpose cleaner and paper towels. If you have light fixtures with globes, clean the globe with warm water. Make sure to clean the receptacle covers and switch plates as well!

2. **Oven-** Spray the oven, stovetop, burner pans (This is the pan under the burner, also called a drip pan.) If they are extremely dirty it is easiest to replace them; these can be purchased at Lowes, Home Depot, Walmart, Target, ect.), broiler pan, racks, etc. with oven spray and let stand a few hours. Depending on the degree of cleanliness, you may want to leave the cleaner on longer. Wipe off the spray entirely. If burn marks still remain, spray them again and repeat entire process. Be sure to check under the burner pans (drip pans) and inside, as well as outside of the stove drawer. The entire top of the stove that the burner pans rest in lifts up, make sure you lift to clean. Please be sure to clean the sides of the stovetop; this is where a majority of food grease and particles collect. You must do this to clean the oven properly. The racks, inside the oven, must be removed in order for the oven to be cleaned properly. The oven racks must be cleaned as well. Sometimes oven cleaner can leave behind a white residue. By wiping with a wet cloth, the residue easily wipes away. Please make sure the white residue is completely gone. If you oven has a self cleaning feature, you can try to use this prior to using oven cleaner, however this will have to run for several hours. **Do not use oven cleaner if you are using the self cleaning feature on the oven, this can cause the oven to catch on fire. Once you have run the self cleaning cycle you can then clean the oven using oven cleaner, however please make sure the oven is cool.**

3. **Hood Range-** The hood to the stovetop can get very greasy during the course of the year. Clean by using a Brillo pad and cleanser. Sometimes the back and side walls between the hood and the stovetop need cleaned as well. Magic erasers often work well to clean the hood. If you have hard to remove grease, heat a pan of water on the stove and allow the steam to rise. This will allow grease and food grime to be removed easily.
4. **Microwave-** Clean the microwave inside and out with an all-purpose cleaner. Make sure all food particles are removed especially on the inside top. Sometimes food particles in the microwave are hard to remove, place a bowl of water in the microwave, heat it to boiling, and the food particles will usually wipe right off. Make sure you have checked the back corners of the microwave as well. While cleaning food particles can be pushed to these back corners.
5. **Kitchen cabinets & drawers-** Empty out all cabinets and drawers. To get all of the crumbs out of the cupboards and drawers it is easiest to use a vacuum. Once you have vacuumed all the crumbs out, wipe down the cupboards, shelves, and drawers using all purpose cleaner and paper towels. Wipe off the outside of the cupboards. (Cupboards used daily or cupboards near the stovetop may need special attention in removing build-up) If you have a microwave above your stove please check the sides of the cabinets as these often have grease build up. Once you have cleaned the cabinets, **do not put items back in the cabinets**, go through and open each drawer and cabinet door to make sure there are no crumbs, hair, ect. Please keep in mind that you should start with the top cabinets and work your way down to the bottom cabinets. This will make cleaning easier.
6. **Refrigerator/Freezer-** Defrost freezer and wipe out any water/food particles using an all purpose cleaner. It is easiest to clean the refrigerator if all shelving and drawers are removed. These items can be cleaned in the kitchen sink with warm soapy water. Clean refrigerator by wiping off wire racks, inside walls, crisper drawers (and under the drawer), and shelves with all purpose cleaner or warm soapy water. Don't forget the egg holders, butter drawer and in and around the seal!! Lastly, wipe down the outside of the appliance with bleach or all purpose cleaner (top, sides and front). **DO NOT UNPLUG THE REFRIGERATOR!!** SIMPLY TURN IT TO THE LOWEST SETTING. Unplugging the refrigerator and shutting the door, will ruin the refrigerator. In this case, you will be responsible for the cost of replacing the refrigerator.
7. **Dishwasher-** The final kitchen appliance left to clean is the dishwasher. (What?? You thought the dishwasher cleaned itself every time you ran it through the cycle?? NOT!) Make sure the inside is completely free of food particles. To clean the inside, use a Brillo pads and cleanser. Don't forget about the inside rim/edge of the dishwasher door, as this often has food laying on it. Lastly, wipe down the outside of the appliance. Pay close attention to the buttons and inside edge of the door.
8. **Kitchen Sink-** Using a Brillo pad and abrasive cleaner, thoroughly clean sink and fixtures. CLR or Lime-away work best around the sink fixtures to remove calcium deposits/buildups. Since water drops tend to dry leaving a dirty appearance, after cleaning, remember to wipe off the fixtures with a paper towel. To leave a streak free shine, spray glass cleaner on sink and fixtures then use a paper towel to wipe off.
9. **Counter Tops-** Wipe off all kitchen countertops with an all purpose cleaner. The countertop closest to the stovetop may need special attention of a Brillo pad and cleanser. Do not leave streaks-wipe over the countertops with a paper towel and spray cleaner. Once you have cleaned the countertops run your hands over them to make sure there are not crumbs or anything sticky remaining.
10. **Floor-**It's finally time to clean the kitchen floor! First pull out the refrigerator, remove bottom drawer of

oven and sweep the entire floor. Using Brillo pads and cleanser, clean all corners and edges. This area is where most build-up resides. After this is completed, clean the entire floor using a mop and floor cleaner. If floor dries with streaks, re-mop using only warm water.

THE BATHROOM

1. **Tub/Shower-** The biggest cleaning job in the bathroom is the tub/shower unit. Clean it first and get it out of the way!! A year's worth of soap residue build-up is not very easy to remove. Brillo pads and cleanser are a definite must. Fiberglass tubs should be cleaned with a non-abrasive cleanser. Begin by scrubbing in a circular motion until you can no longer feel residue. Rinse with warm water. Clean fixtures with glass cleaner and wipe off with a paper towel. If your tub/shower unit has glass doors, the same process should be used on those doors—inside and out!! Also, don't forget to clean out the track. Make sure to get rid of all mold/mildew. Soap scum can be very hard to remove, but using CLR or Lime Away can help to make the job a little bit easier. If you have shower doors (the kind that roll) you can take these off to clean them. If you do not feel comfortable removing the doors please let us know. Maintenance can remove and put the doors back on for you, at no cost. Removing the shower doors makes cleaning the track much easier.

2. **Toilet-** Cleaning the toilet is not a very fun job, BUT it doesn't take too long. Pour toilet bowl cleaner inside the bowl and wipe clean with brush, then flush. Make sure there is no ring in toilet bowl. If there is a ring you may need to repeat the process. Using bleach cleaner, spray down the entire toilet, wipe off lid, seat (behind and all around), and outside of bowl using a paper towel. Don't forget to clean at the foot of the bowl and around the bolts attaching it to the floor. That is where most of the dust seems to collect. After you are done cleaning the toilet, take a dry paper towel over the entire toilet, this will eliminate any hair and dust that might have been pushed around after cleaning.

3. **Medicine Cabinet/ Vanity-** Like the kitchen cabinets, use the vacuum cleaner to get rid the inside of particles and hair. Spray down the outside and inside (the shelves) of medicine cabinet and vanity and wipe with a paper towel. Clean mirrors and sink fixtures with glass cleaner. Wipe out the sink using a sponge or paper towels and bleach cleanser. Rinse with only warm water and re-wipe with sponge. Again, don't let water drops lay, wipe off with paper towels. Finally wipe down everything with a dry paper towel. This will eliminate any hair and dust that might have been pushed around after cleaning.

4. **Heaters & Towel Bars-** Simply use an all purpose or bleach cleaner, spray down entire unit and wipe with a paper towel. Once again, taking a dry paper towel over the units eliminates the dust and hair. Make sure you clean under the heater as well! A mop will not get the dust under the heater vents.

5. **Floor-** Lastly, it's time to clean the bathroom floor. First, sweep the entire floor. Next, use a wet, soapy sponge, wipe along sides and corners. Pay close attention to areas around the commode, behind door, and along vanity edges. Mop entire floor using floor cleaner. If floor dries with streaks, re-mop using only warm water.

It is very important to not leave hair in the bathroom, so please check thoroughly. Please remember, by simply taking a dry paper towel and wiping up the hair, you will ensure that nothing is left behind. If there is hair in the bathroom, even though you may have cleaned it, it leaves an appearance that you have not cleaned. Also, do not leave your toilet brushes, shower curtains, shower mats or rugs. The new Tenants do not want the things you leave behind. We will ultimately throw it away and you will be charged.

BEDROOM/LIVING ROOM

1. **Windows-** Cleaning windows with glass cleaner and newspaper (yes newspaper) will eliminate streaks. Also clean the patio doors on the inside and outside, as well as the sliding door tracks. Don't forget to clean window sills and window tracks. Using a vacuum to sweep up all the dust first will help make cleaning the window track/sill easier. Porches and outdoor areas should be completely free of debris.
2. **Closets-** Closets should be completely free of debris. Wipe off shelves and bar with wet sponge and all purpose cleaner. Do NOT leave hangers behind! The new tenants have hangers of their own!
3. **Furniture-** (If your apartment is furnished) If furniture contains any glass parts, clean with glass cleaner. Dust all wood furniture with dusting cloth and furniture polish. Vacuum out all dresser drawers, then wipe out all drawers with furniture polish and paper towels. If furniture is anything other than wood, an all purpose cleaner may be used. Don't forget to move furniture away from the walls to check for any debris that may have fallen behind or underneath. Use a vacuum on the couch/futon. Spray these down with Lysol as well.
4. **Heater Units/AC units-** Thoroughly clean air conditioning/heating unit with a paper towels and all purpose cleaner. The grill/cover should be free of dust and debris. Re-attach cover. Be sure to use vacuum attachments to clean under heating units.
5. **Light fixtures-**If you have overhead light fixtures, be sure to clean the globe with warm water. Also, clean all receptacle covers and switch plates.
7. **Blinds-**Be sure to clean all blinds. If the blinds are too dirty it is easier to replace them. If you plan on replacing the blinds, please make sure to measure first! Here is a helpful hint to help clean blinds; use a sock or glove! Place the old sock or glove on your hand, and dip the tip (or fingers) into a container of vinegar. Squeeze out any excess. Run your fingers along both sides of the first slat to remove dust. Repeat on the remaining slats, stopping periodically to rinse the dust off of the sock or glove and to apply more vinegar.
8. **Floors-** Please remember all carpets must be professionally cleaned. However, it is a good idea to vacuum the floors prior to having them professionally cleaned. Your floors should be the last thing that should be cleaned.

CLEANING TIPS TO REMEMBER

When you are done cleaning the oven, turn it on for a few minutes. If it dries with a white residue, take a clean wet cloth and wipe it clean.

When you are done in the bathroom, kneel down and look at the fiberglass surround/ceramic tile by the tub to see if the soap scum is gone. Also, look at the soap dish and toothbrush holder to make sure that the bottoms are clean. Check the bathroom in particular to make sure that all hair is gone! (We cannot stress enough that leaving hair and crumbs behind leave the appearance of an unclean apartment)

When you are finished in the kitchen, look at the tile at an angle to check for any grease spots that may have been missed. Also, don't forget to check the bottom and edges of the range hood or microwave for leftover grease.

Don't forget the closets! These must be cleaned, swept and scrubbed.

If you are having trouble removing particles from microwave, heat a cup of water for a few minutes and the steam from the water will help loosen food particles and dirt.

Mr. Clean Magic Eraser is good for cleaning, semi-gloss walls (these are walls in the kitchen and bathrooms) only (do not use on flat paint- living rooms and bedrooms), refrigerators, and white countertops.

Make sure you walk through your entire apartment after it has been cleaned, to ensure that you have not left anything behind. **If you do not want items do not leave them in the apartment!** Bring them to the office and we will dispose of the items. In addition, if you are sharing cleaning responsibilities it is a good idea to check each other's work. If you see something that is not clean enough or has been missed do not leave it, simply clean it. This is going to save you a lot of money. In the past we have had roommates not understand why they have been charged for cleaning. Sometimes this is because one roommate may have promised to clean or do a certain part of the work, but they simply did not come back to do it. Please make sure you communicate with your roommates throughout the move out process. Sometimes it is best to hire a professional cleaning company to clean the apartment ahead of time. If you choose to do this we have cleaning companies we can suggest you use. In addition, please make sure you turn in the cleaning receipt along with your keys.

GENERAL TIPS/SUGGESTIONS

1. Carpets must be professionally cleaned (**DO NOT USE TNT CLEANING or Blue Diamond**) by a cleaning service to remove all stains and ground in dirt. (Make sure you vacuum first!) Receipts must be turned in with your keys. If you do not turn in a receipt, or if you use TNT Cleaning or Blue Diamond, we will have no other option but to have the carpets re-cleaned and charge your account/security deposit. Carpets must be cleaned prior to lease expiration. Inside this packet Lion Blue has offered special pricing discounts coupons for our residents. Please use these to your advantage.
2. Blinds must be cleaned. Please make certain soap streaks are gone. We suggest if the blinds are too dirty to be cleaned or if they are damaged, replace them with new ones. This would be the best option is cheaper than having them professionally cleaned. You can purchase blinds at Lowes, Home Depot, Target, Walmart, etc. If you plan on replacing the blinds, please make sure you take measurements ahead of time and purchase only white plastic blinds.
3. All personal items must be removed from the unit. This means EVERYTHING except furniture we provided. Do not leave cleaning supplies, plungers, shower curtains, etc. None of these items are left for future Tenants. They will all be thrown out and you will be charged for the removal.
4. All nails, picture hooks, and anything used to hang pictures/posters should be removed from the walls or ceiling. Dust cobwebs from corners and baseboards. Clean ceiling light fixture covers and/or globes.
5. If maintenance is needed anywhere in the apartment, report it to the office NOW and have it repaired prior to July 1st. If maintenance issues are not reported prior to July 1st, a 20% administrative fee will be added to all security deposit charges, including any unpaid work orders.
6. Smoke detectors must have an operating battery, all light fixtures and lamps must have working bulbs, and fire extinguishers must be charged.
7. All lights bulbs must be in lamps, sockets, etc. And be in working order.
8. ALL keys must be returned upon move-out. If keys are not returned, you will be charged \$150 for changing the locks. Remember to get a receipt of keys!
9. Our office MUST have a forwarding address for you before you leave. This address will be the address we

send your security deposit check to. We prefer if you mail it to Westside Village Office ASAP or you may submit it with your final rental payment.

10. You must call WestPenn Power at 1-800-255-3443 and inform them of your lease termination date and make arrangements to have the final meter reading done. You MAY NOT have the utilities taken out of your name until the EXACT LEASE EXPIRATION DATE or you will be charged a \$150.00 disconnect utility fee.

11. You must call cable/DirectTV and phone providers and arrange to disconnect your services.

Any questions concerning move out procedures can be addressed by calling our office at 814-234-1707, emailing info@rentwestsidevillage.com or by mail.

If you have roommates that are moving out early, it does not relieve anyone from the responsibility of leaving the apartment in the best possible condition. For example, if you are planning on moving out early and you clean the apartment in June but have roommates that are occupying the unit till the end of the lease, this means the apartment is going to need to be re-cleaned again prior to lease expiration. To ensure that your apartment is left in the best possible condition, we suggest that you return to the apartment a few days before lease expiration date to inspect the apartment. You may also choose to hire a professional cleaning company. Please make sure you turn in this receipt along with the carpet cleaning receipt and keys.

OTHER DEDUCTIONS

Late fees, Outstanding Invoices, Unpaid/Utilities, Charges for Returned Checks, additional damage to the apartment or furniture and carpet cleaning (if receipt is not turned in). Please note, as per the lease agreement there is a 20% administrative fee on all security deposit charges. Please make sure your rental account has a zero balance.

We would love to return a full Security Deposit to each and every one of you! This is why this information is provided. We invite any of you to be present during the inspection of your unit. If you choose to be present, you must be prepared to turn over ALL keys at that time. Entry back into the unit will not be permitted. However, **this must happen prior to the lease expiration date** & is on a first come first serve basis, so schedule far in advance. Also, if we point out something that is not satisfactory, do not ask us to wait while you clean it again. Our schedules at that time of the year do not permit it.

Please remember according to your lease, there will be a \$200 per day charge levied against any tenant that occupies the premises beyond the ending date of the lease. All lease dates end promptly at 12 NOON. We have enjoyed your residency in our community and we wish you well in your new home!

Cleaning Cost Sheet

All costs below are per room/per item

Anything larger than a large hole	Cost to replace drywall in addition to the labor @ \$50.00/hr.		

You are not allowed to paint yourself unless you have written permission from the office.

***** In addition, as per the lease agreement, there will be a 20% of all security deposit charges.**

Tenant Initials: _____

SECURITY DEPOSIT CHECK RETURN FORM

Where should we send your security deposit check??

Please note –you are on a joint & several lease. Therefore, 1 check will be issued with all the Tenants’ names. Every tenant on the lease must fill out a security deposit check return form.

IF you wish to have separate checks a **\$10 separate check fee** will apply for each additional check that is written. The security deposit return form must be filled out in its entirety and each Tenant on the lease must check off the separate check box agreeing to separate checks. We cannot issue separate checks if every person on the lease does not meet the following criteria: addresses are not provided, did not check off the separate check box, and did not sign/fill out the security deposit return form.

Unit Address: _____

Tenants: _____

Please check appropriate below:

_____ - I/we wish to receive only 1 check issued to **ALL** tenants’ names.

Please send our check to the following person. I/we understand that this check will include each tenants name on the check : _____

_____ - I/we wish to receive SEPARATE checks divided in EQUAL amounts. I/we understand that there will be a \$10 fee for each additional check that is written. (ie. No charge for 1st check) and that the separate check fee will be deducted from the security deposit.
